

Re: Allergens / Hypersensitivities

To Whom It May Concern:

Church & Dwight Co., Inc. Ammonium Bicarbonate products contain no materials of plant or animal origin, and no known allergens.

They are not derived from and do not contain:

- Cereals containing gluten (wheat, rye, barley, oats)
- Milk / dairy products
- Eggs
- Fish / Crustacean / Shellfish including abalone and squid
- Peanuts
- Tree Nuts
- Soybeans
- Celery
- Mustard
- Sesame seeds
- Buckwheat, oranges, kiwifruit, peaches, apples, yams, mushrooms
- Gelatin
- Sulfur dioxide / Sulfites at concentrations greater than 10 mg/kg as SO₂
- Lupin
- Mollusk

The closed, dedicated system used to manufacture and package these products does not allow for cross-contamination with allergens or other materials.

Please feel free to contact me if there are further questions.
