To Whom It May Concern:

**Re: Church & Dwight Co., Inc. Food Defense Program (Site Security) and Food Fraud- Arm & Hammer™ Flow K™ Potassium Bicarbonate**

### **Food Defense**

This letter confirms that regular, appropriate site evaluations are conducted at the Church & Dwight Co., Inc. manufacturing location of Arm & Hammer™ Flow K™ Potassium Bicarbonate located at Armand Product in Muscle Shoals, AL and Food Defense programs have been implemented per SQF Food Safety guidelines.

The programs include employee background checks, restricted access to the sites, physical security including perimeter fencing and keypad / keycard locks, integrity management of incoming materials, seals on outgoing materials, visitor identification and control.

### **Food Fraud**

The Church & Dwight manufacturing location for Arm & Hammer™ Flow K Potassium Bicarbonate has undertaken vulnerability assessments with regard to the potential for food fraud associated with the product. The assessments concluded that the risk is negligible and that the current controls for supplier management, dedicated closed manufacturing system, tamper evident packaging and transportation inspection practices are adequate. We are not aware of any instances of food fraud involving potassium bicarbonate.

Please feel free to contact me with any questions.
