To Whom It May Concern:

**Re: Church & Dwight Co., Inc. Arm & Hammer™ Flow K™ Potassium Bicarbonate Residual Solvents Declaration**

No Class 1, Class 2 Class 3 or other solvents are used in the manufacturing process for Flow K™ Potassium Bicarbonate.

Further, based on our knowledge of the manufacturing process and procedures, and controlled handling and storage of the potassium bicarbonate, there is no potential for residual solvents to be present if tested.

If you have any questions or comments, please feel free to contact me.
