Technical Data Sheet – Bs1579 Concentrate

Description: Dried probiotic powder. White to tan in color.

Ingredients: *Bacillus subtilis* 1579, maltodextrin (identity preserved)

Microbiological Specifications (reported on COA):

Analysis	Method	Specification
<i>Bacillus</i> spp.	ABS-ML-001	$\geq 1.00 \times 10^{11}$ cfu/g
<i>E. coli</i>	USP 2022	Absent
Yeast and Mold	USP 2021	< 500 cfu/g

Recommended Storage Conditions

Store at ambient warehouse conditions, keep dry.

Shelf Life

Use within 12 months of the date of manufacture.

Packaging and Labels:

1kg, 10kg, or 25kg 3 ply foil bags. Shipped in double walled box. Each bag and box labeled with a 5.5 x 8.5 or 3.5 x 5.0 product label.

Application

Include Bs1579 concentrate at 0.02 grams per dose.

Product Composition

Ingredient
<i>Bacillus subtilis</i> 1579 fermentation product
Maltodextrin IP

Country of Origin

United States of America

GMO Status

Please consider this document as an official statement from Church & Dwight Co., Inc. concerning our stance on Genetically Modified Organisms (GMO). Church & Dwight Co., Inc. does not use any microorganisms which have been Genetically Modified.

Gluten

Gluten is not contained in the components used in the production of this product.

Allergen Status

There are no allergens present at the facility or in the product.

Allergen	Present	Not Present
Egg		X
Fish		X
Milk		X
Peanuts		X
Shellfish-crustaceans		X
Soy		X
Tree Nuts		X
Wheat		X
Sesame		X

Vegan Status

To the best of our knowledge, the product listed above does not contain any animal ingredients or animal byproducts and should be suitable for vegan consumption.

Kosher Status

The facility is not currently registered with an Orthodox Union and does not have a Kosher certification.

Halal Status

The facility is not currently Halal registered. The production of products does not utilize ethyl alcohol, natural L-Cysteine from human hair or feathers, animal fats or extracts, bloods of any origin, blood plasma, pork, or other meat by-products.

Organic Compliance Status

The concentrate product does not contain organic status.

GRAS Statement

Bacillus subtilis are generally recognized as safe organisms.

Patent IP

The benefits of Bs1579 are presented in US Patent Number: US 12.364.718 "Microbial compositions to increase the production of PCA from polyphenols".

General Information

All raw materials from which this product is produced meet appropriate food grade specifications. The processing, packaging and storage of the finished product and the raw materials from which it is produced are consistent with current Good Manufacturing Practices (cGMP) and current industry practices. All information presented herein is in accordance with the regulation of the country of manufacture USA.
